(kitchen until 9:30 pm)

# Your second living room in the 8th district!

Café Restaurant Hummel has been family-owned and operated since 1935. Together with our team, we have been serving up Viennese hospitality 365 days a year for three generations. This year we celebrated our 90th anniversary! Our Café Restaurant Hummel is the result of passion for coffee and hard work. Traditions can only survive if we care for and respect our environment and ensure that it remains liveable for future generations.

**What are some of the eco-friendly practices we have put into action?** We switched to large containers, such as our milk pumping system, which **saves us around 200 Tetra Paks per week**; we switched from bottles to kegs; **we recover energy** through a new dishwashing system that uses steam from the dishwasher to heat the water; we switched **from gas to induction** to avoid fossil fuels; we buy **local products** to save on transportation emissions and reduce our carbon footprint.

**Our employees are our greatest asset**, we strongly believe in the importance of a healthy and positive work environment and fully trust our 36 employees. Did you know that more than a quarter of our team have been with us for over 10 years?

We look forward to your visit!  
Christina Hummel & Team

*At Café Hummel,  
we care for the environment!*

# Breakfast Combos

DAILY UNTIL 2 PM

|                                                                                                                  |       |

# A Small Viennese Coffee House Lexicon

## MOCHA

The mocha (simple espresso) forms the foundation of all classic Viennese coffees! It consists of fine, freshly ground coffee that, when combined with water, produces an aromatic, well-caffeinated, full-bodied brew.

## SINGLE & DOUBLE MOCHA

The Austrian term for a single or double espresso, literally a “small mocha” or a “large mocha”.

## VIENNESE MELANGE

The melange is the most typical of the Viennese coffees. This all-time classic is prepared with a single espresso, served in a large coffee cup with frothy steamed milk and topped with milk foam.

## SMALL & LARGE BROWN

A “small or large brown one” is a single or double espresso, served with a small jug of cream for guests to add at their pleasure.

## AMERICANO

A small espresso, mixed with hot water and served in a large coffee cup. The “Verlängerter” (or “extended one”) can be served with or without cream.

## LATTE MACCHIATO (VERKEHRT)

“Verkehrt” means upside down and in this case it’s because the coffee consists of more milk than coffee. A tall glass is filled with 1/3 hot milk and 1/3 creamy foamed milk, followed by a shot of espresso.

## BIG MUG OF COFFEE

A typically Austrian specialty coffee for those cozy hours in the coffee house. An Americano served with plenty of milk and milk foam.

## FRANZISKANER

The “Franziskaner” is similar to a melange except that the milk foam is replaced with whipped cream. A single espresso is poured into a large coffee cup with warm milk and topped with a cap of whipped cream (1/3 coffee, 1/3 milk, 1/3 whipped cream).

## MOZART COFFEE

A Mozart coffee is an Austrian desert coffee. The base is a strong mocha, refined with whipped cream and chocolate liqueur.

## EINSPÄNNER

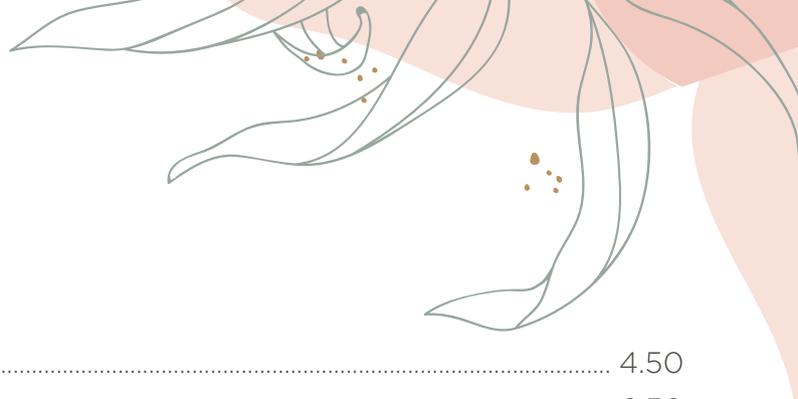

The name “Einspänner” refers to a one-horse carriage, common in Vienna in the 19th century. The “Einspänner” is an espresso, served in a glass with a handle and topped with a lavish dollop of whipped cream.

## FROM KAPUZINER TO CAPPUCCINO

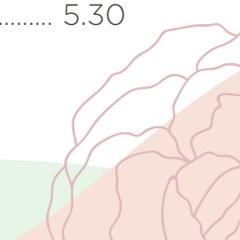

The predecessor of the cappuccino was the “Kapuziner”, an Austrian specialty coffee. It consists of a double shot of black mocha, topped with liquid cream and occasionally cocoa powder. Nowadays, a cappuccino consists of espresso, milk foam and cocoa. Outside Italy, cappuccinos are often served with a thick layer of firm milk foam.

# Soft Drinks

|                                                                                              |                    |
