

## VISITING VIENNA - TIPPING IN VIENNA!

### TIPPING IN RESTAURANTS...

Service is only very rarely included in restaurants and cafés. So if you don't leave a tip, it's considered a sign that you were extremely dissatisfied with your service.

### NO TIP? NOT COOL. But - how much SHOULD you tip?

Austrians usually add 10% to 15% to the bill when tipping service staff. This way, it is rounded up to a reasonable amount.

We are delighted to welcome you to our Viennese traditional café and wish you a pleasant stay in our wonderful city.

Sincerely,  
your host Christina Hummel & Team
