Café Restaurant Hummel has been family-owned since 1935. For three generations, together with our team, we have been dedicated to Viennese hospitality 365 days a year. In 2025, we celebrated our 90th anniversary. Passion, hard work and a love for Viennese coffeehouse culture are at the core of Café Restaurant Hummel. We believe traditions can only endure when we treat our environment responsibly and sustainably, ensuring a livable future for generations to come.

How do we achieve this? Through waste reduction, for example by using our own fresh milk pumping system, saving approximately 200 Tetra Pak cartons every week. We have also switched from bottled products to keg systems. Through energy recovery, using a modern dishwashing system that utilizes steam to heat water. Through reducing fossil fuel consumption by replacing gas with induction technology. And by sourcing local products, reducing transport distances and our environmental footprint.

We care about our working environment and our 36 employees. Did you know that more than a quarter of our team members have been with us for over 10 years?

We look forward to welcoming you!

Christina Hummel & Team

**A NOTE ON THE BUZZ:
THE STORY BEHIND OUR NAME**
In German, 'Hummel' means 'bumblebee'.
That is why you will spot our little
winged friends and bee-related puns
all over the menu!

A small Viennese coffee house lexicon

ESPRESSO

The espresso (simple espresso) forms the foundation of all classic Viennese coffees! It consists of fine, freshly ground coffee that, when combined with water, produces an aromatic, well-caffeinated, full-bodied brew.

SINGLE & DOUBLE MOKKA

The Austrian term for a single or double espresso, literally a “small espresso” or a “large espresso”.

VIENNESE MELANGE

The melange is the most typical of the Viennese coffees. This all-time classic is prepared with a single espresso, served in a large coffee cup with frothy steamed milk and topped with milk foam.

SMALL & LARGE BROWN

A “small or large brown one” is a single or double espresso, served with a small jug of cream for guests to add at their pleasure.

AMERICANO

A small espresso, mixed with hot water and served in a large coffee cup. The “Verlängerter” (or “extended one”) can be served with or without cream.

LATTE MACCHIATO (VERKEHRT)

“Verkehrt” means upside down and in this case it’s because the coffee consists of more milk than coffee. A tall glass is filled with 1/3 hot milk and 1/3 creamy foamed milk, followed by a shot of espresso.

BIG MUG OF COFFEE

A typically Austrian specialty coffee for those cozy hours in the coffee house. An Americano served with plenty of milk and milk foam.

FRANZISKANER

The “Franziskaner” is similar to a melange except that the milk foam is replaced with whipped cream. A single espresso is poured into a large coffee cup with warm milk and topped with a cap of whipped cream (1/3 coffee, 1/3 milk, 1/3 whipped cream).

MOZART COFFEE

A Mozart coffee is an Austrian dessert coffee. The base is a strong espresso, refined with whipped cream and chocolate liqueur.

EINSPÄNNER

The name “Einspänner” refers to a one-horse carriage, common in Vienna in the 19th century. The “Einspänner” is an espresso, served in a glass with a handle and topped with a lavish dollop of whipped cream.

FROM KAPUZINER TO CAPPUCCINO

The predecessor of the cappuccino was the “Kapuziner”, an Austrian specialty coffee. It consists of a double shot of black espresso, topped with liquid cream and occasionally cocoa powder. Nowadays, a cappuccino consists of espresso, milk foam and cocoa. Outside Italy, cappuccinos are often served with a thick layer of firm milk foam.

TIPPING IN RESTAURANTS
Most restaurants and cafés do not include a service charge in the final bill. While tipping is not mandatory, not leaving a tip means you were dissatisfied with the service.
