

Your second living room in the 8th district!

Café Restaurant Hummel has been family-owned and operated since 1935. Together with our team, we have been serving up Viennese hospitality 365 days a year for three generations. Next year we will celebrate our 90th anniversary! Our Café Restaurant Hummel is the result of passion for coffee and hard work. Traditions can only survive if we care for and respect our environment and ensure that it remains livable for future generations.

What are some of the eco-friendly practices we have put into action? We switched to large containers, such as our milk pumping system, which **saves us around 200 Tetra Paks per week**; we switched from bottles to kegs; **we recover energy** through a new dishwashing system that uses steam from the dishwasher to heat the water; we switched **from gas to induction** to avoid fossil fuels; we buy **local products** to save on transportation and reduce our carbon footprint.

Our employees are our greatest asset, and we strongly believe in the importance of a healthy and positive work environment. Did you know that many of our team members have been with us for over ten or even twenty years, and one employee has been with us for 30 years?

We look forward to your visit!
Christina Hummel & Team

*At Café Hummel,
we care about our environment!*
